12 mths Road Tax	£TBC

Very rare opportunity to own one of Britain's most iconic cars. This brand new Austin Healey 100-4 replica has been build to the highest possible specification and is priced at a fraction of the cost of an original Austin Healey which would sell somewhere in excess of £69,000 This car was been built by a retired engineer to the high specification set out by Haldene motors. The car is fitted with a 2ltr pinto engine and it drives and sounds superb. The car is fitted with 3 point safety harnesses and it meets all the requirements to be registered with VOSA. This car has never been registered and is an exciting opportunity for someone to own and enjoy this amazing car. The car comes with all the purchase invoices from the build project. The body work has been finished in a very high standard which adds to the overall appearance of this exquisite example. All the badges on the car are original Austin Healey badges which definitely adds the finishing touches to this near perfect motor.
